

AUSTRALIAN INSTITUTE OF PETROLEUM (AIP) - DRIVER PASSPORT

AIM

This course approved by the AIP covering the generic units common to all companies and facilities in the oil industry. Upon successful completion drivers will be recognised with a "Driver's Passport" recognisable across the industry and registered with the Australian Institute of Petroleum.

Further company, site and product specific training will need to be undertaken by drivers carrying product on behalf of companies. This does not replace any existing licenses or permits required by law i.e. Bulk Dangerous Goods Licenses or vehicle licensing.

DESIGNED FOR

This course is required by Heavy Vehicle Drivers license holders who wish to obtain a passport for transporting Petroleum Products.

PRE-REQUISITES

Must be medically fit, 21 years of age or older, must be of good character.
Bulk Dangerous Goods License
Access to Tanker

DURATION

Full Course - 1 Day
